

Child Protective Services (CPS) and/or Probation

**CPS and Probation treatment plans have lots of requirements.
It can be hard to accomplish all of them by yourself.**

We can help.

Wrapped in Hope works with Probation/Parole, and both Tribal Social Services/ CPS and Lake County CPS to help mothers navigate the system. It doesn't matter who your doctor is, if you have insurance, or how far along you are in your pregnancy. We offer non-judgmental support including:

- Helping you meet the requirements of probation and/or CPS
- Confidential and supportive referrals to important community resources
- Referrals to inpatient treatment or residential living facilities
- Chemical dependency and mental health evaluations in jail or in the community
- Help getting your driver's license back
- Counseling for mental health and substance abuse disorders for up to a year after the birth of the baby.
- Help filling out job and housing applications

*Our main goal is to keep
families together in recovery.*

With help from Wrapped in Hope, mothers can often keep their babies in the home, access inpatient treatment, and meet all the requirements of probation or CPS. We are on your side providing positive care every step of the way.

*Delivering moms & babies from
the impact of addiction*
